Vision

We envision higher education environments where LGBTQ people, inclusive of all of our intersecting identities, are fully liberated.

Mission

The Consortium of Higher Education LGBT Resource Professionals is a member-based organization working towards the liberation of LGBTQ people in higher education. We support individuals who work on campuses to educate and support people of diverse sexual orientations and gender identities, as well as advocate for more inclusive policies and practices through an intersectional and racial justice framework. To learn how the Consortium does this, please go to our Mission and Vision page.
